New Product Announcement

March 2010

MCC Introduces 200W Transient Voltage Suppressors in

SOD-123FL Package

Key Features:

1. Stand-Off Voltage : 5V~170 Volt.
2. Low Leakage Current
3. Both Uni&Bi Directional Types Available.
4. Peak Power Rating to 200W Per 10/1000us Waveform.
5. ESD Rating Up to 16KV Per HBM.
6. Flat, Exposed Lead Frame Package Type.
7. 100% Matte Tin Lead Finish
8. Saving Board Space

Availability:

1. Sample Available Per Request
2. Datasheet Available On Website: [SMF5.0\(CA\)~SMF170\(CA\)](#)
